TECA uses the CompetitionSuite system for communication, tabulation, soundtrack uploads and commentary. It is free to sign up and is required for membership.

Please follow these directions to register as a member of TECA.

1. If you do not have an account, please create an account here:

<https://competitionsuite.com/signup/>

2. Click this link if you are a NEW DIRECTOR but your unit has been in TECA in the past:

<https://competitionsuite.com/groups/find/>

3. Enter your group's name (enter part of the name if you have trouble finding it)

4. Click Request Access next to your group.

Once the association is approved, the group name will be displayed along the left side of the page. Please be patient - it may take a day or so to approve your unit, but I will check daily.

5. Be sure to provide your phone number to ensure you can access your commentary from your phone!

You will be directed to find your group or add your group if you are new to the circuit or are adding a second/third unit.

Do not create a new group if your group has competed in TECA in the past.
